WILL INSPECT DEATH VALLEY GOLD PROPERTY

Harry C. Stimler, "Bryz" Putman and Gerald Stimler left this morning for Inyo county, California, where they will examine the Ashford gold property situated 22 miles west of Shoshone. They were accompanied by Edgar G. Pickler, mining engineer, and expect to be gone four or five days. Mr. Stimler is negotiating for the purchase of the property in question, which is said to make a most remarkable showing of the yellow metal. Development has consisted of about 4000 feet of underground work with great bodies of good milling ore in place, while small streaks of ore are in evidence that give values running into the thousands of dollars a ton.

JURY CONVICTS ISAAC RANKIN IN BOOZE CASE

GUILTY on the third count. Such was the verdict of the jury in the case of Isaac R. Rankin, charged with violation of the state prohibition law which had occupied the attention of the district court since Monday morning of this week.

The verdict was returned at 12:08 o'clock this afternoon, but was not made of record until 12:37 by reason of the fact that the members of the jury had failed to fill in the blank form that was handed them by the court.

After the jury had made known its verdict, the defendant, Rankin, was remanded to the custody of Sheriff W. H. Thomas, and sentence will be imposed at 7 o'clock tonight by Judge J. Emmett Walsh, who sat at the trial for Judge Mark H. Averill.

The case was given to the jury at 10:08 o'clock last night, and although Judge Walsh remained in the chambers until 12:20 this morning, no verdict was in sight, so a recess was taken until 10 o'clock this morning. The jury continued its deliberations until 12:08 o'clock this afternoon, when announcement was made that they had arrived at a verdict.

The third count in the information charges sale of spirituous liquors, and the penalty upon conviction provides for a sentence of not less than two months nor more than one year in the county jail, and for a fine of not less than \$100 nor more than \$1000, or both.

Following the pronouncing of sentence tonight, counsel for Rankin will make a motion for a new trial, and if same is denied, then an appeal to the supreme court will be perfected.

The jury was composed of the following: W. J. Wilson, foreman; W. G. Merton, A. T. Cook, Chris Barry, Walter H. Bowler, Stanley P. Knight, A. L. Wehlich, W. F. Logan, Fred A. Kind, Otto Fulk, A. H. Kuhlman and Hattie Ewing.

SPLENDID ORE UNCOVERED IN PADDY PRIDE

J. M. Fenwick, of the brokerage firm of Fenwick & Co., has just returned from a week's trip to southern Nye county, where he inspected the Paddy Pride mining property and a number of neighboring prospects. Mr. Fenwick expresses the greatest enthusiasm over the showing in the Paddy Pride mine, which has been opened up on two levels for a depth of 300 feet and has already accumulated on the dump a large tonnage of high-grade ore ready for shipment.

A large tonnage of high-grade shipping ore has also been exposed and stripped and is ready to be broken and shipped. In a raise from the second level there is a showing of not less than 5 feet of high-grade shipping ore and the indications are strong that these ore shoots are widening out to form big stopes.

TRIES SUICIDE BUT SUDDENLY CHANGES MIND

Becoming despondent following an overindulgence in moonshine, F. H. Chacon, a Mexican, attempted suicide this afternoon by swallowing a number of antiseptic tablets. When the poison began to get in its deadly work Chacon decided he wanted to live and hurried from his cabin, No. 2 West 10th avenue, to Dr. Cowden's office, where the stomach pump was used with telling effect. The condition of the patient is quite alarming, although some hope is held out for his recovery. He was removed to the Mine Operators' hospital. Chacon has been living in Tonopah with a sister.

HUSBAND IS KIDNAPPED OIL FIELDS CALIFORNIA

(By Associated Press)

BAKERSFIELD, Cal., Oct. 7.—Leaders of the striking oil workers said today there were no new developments. The formal story of the "kidnaping" of West Side field workers by purported union men was received with considerable hilarity at union headquarters here. The incident was said by union men to have been the result of a family quarrel. The husband, they said, wanted to keep on working, while the wife, an ardent union supporter, wanted him to quit, and when he refused to do so, they said, the wife got a group of young men in the neighborhood to carry him away after the union declined to intervene. He came back and she had him "kidnaped" again, they said, and there after deputized officials of the company employing him kept an eye on him and she accepted defeat. That, they said, ended the incident.

SENATOR ODDIE IS CHOSEN FOR PHIPPS' PLACE

U. S. Senator Tasker L. Oddie of Nevada has been appointed a member of the senate conference committee on the pending federal aid road bill, succeeding Senator Lawrence C. Phipps of Colorado, who could not give the matter his attention owing to illness. The bill in question has reference to the appropriation of congress for the building of roads with each state paying its proportion according to privately owned land, of which mention was made in The Bonanza editorially. In other words, if the government owns 99 per cent of the lands, such as in Nevada, then this state would pay \$1 as against \$9 paid by the government.

The child was reported missing yesterday afternoon when she failed to return from the home of a neighbor, Mrs. Joseph Smith, where she had been waiting for the Smith children.

The showing on the National as it applies to gold values, is phenomenal, and assays that have been had upon ore taken from surface trenching show values running as high as \$800 a ton.
